Scheduling a Ride

Calls to schedule trips must be made at least one day prior to but no more than seven days in advance of a trip. When calling to schedule trips, be ready to provide the following passenger information:

- Your name, address, and phone number
- Date of the trip(s)
- Requested pickup time(s)
- Any specific appointment or work times
- Approximate duration of appointment
- The exact street address and building entrance of each location, pickup, and drop off
- If you use a mobility device, such as a wheelchair, cane, or walker
- If a companion, personal care attendant, or service animal will be traveling with you, and if the companion uses a mobility device
- If you need assistance to and from the vehicle or with packages

Punctuality

Passengers are asked to be ready at the beginning of their 30 minute ride time window given to them by the dispatcher. Passengers are requested to wait at the exact doorway and address indicated when the trip was scheduled.

Drivers will not come to the door unless special assistance is requested at the time you call to make your reservation, and then only once the passenger has come outside. Drivers can only assist in reaching the door of your destination.

Once a driver arrives within the given 30 minute ride time window, they will wait no longer than 5 minutes, and then proceed on to their next passenger.

Please call the dispatch office at least 2 hours in advance to cancel a ride. Failure to call and cancel your ride at least 2 hours in advance will be considered a No Show, and prevents other passengers from scheduling a ride during that time.

Frequent No Shows can result in a suspension of your riding privileges. Please see the Rider’s Guide for full details on the No Show policy and other policies pertinent to our services.

All demand response trips are on a space availability basis, and are still considered pending until 5 PM the night before the ride is to take place.
