A.20 RECYCLED PRODUCTS

42 U.S.C. § 6962
40 C.F.R. part 247
2 C.F.R. part § 200.322

**Applicability to Contracts**

The Resource Conservation and Recovery Act, as amended, (42 U.S.C. § 6962 *et seq.*), requires States and local governmental authorities to provide a competitive preference to products and services that conserve natural resources, protect the environment, and are energy efficient. Recipients are required to procure only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000.

**Flow Down**

These requirements extend to all third party contractors and their contracts at every tier and subrecipients and their subcontracts at every tier where the value of an EPA designated item exceeds $10,000.

**Model Clause/Language**

There is no required language for preference for recycled products. Recipients can draw on the following language for inclusion in their federally funded procurements.

**Recovered Materials**

The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), “Comprehensive Procurement Guideline for Products Containing Recovered Materials,” 40 C.F.R. part 247.
